

Pest Control and Fumigation Services

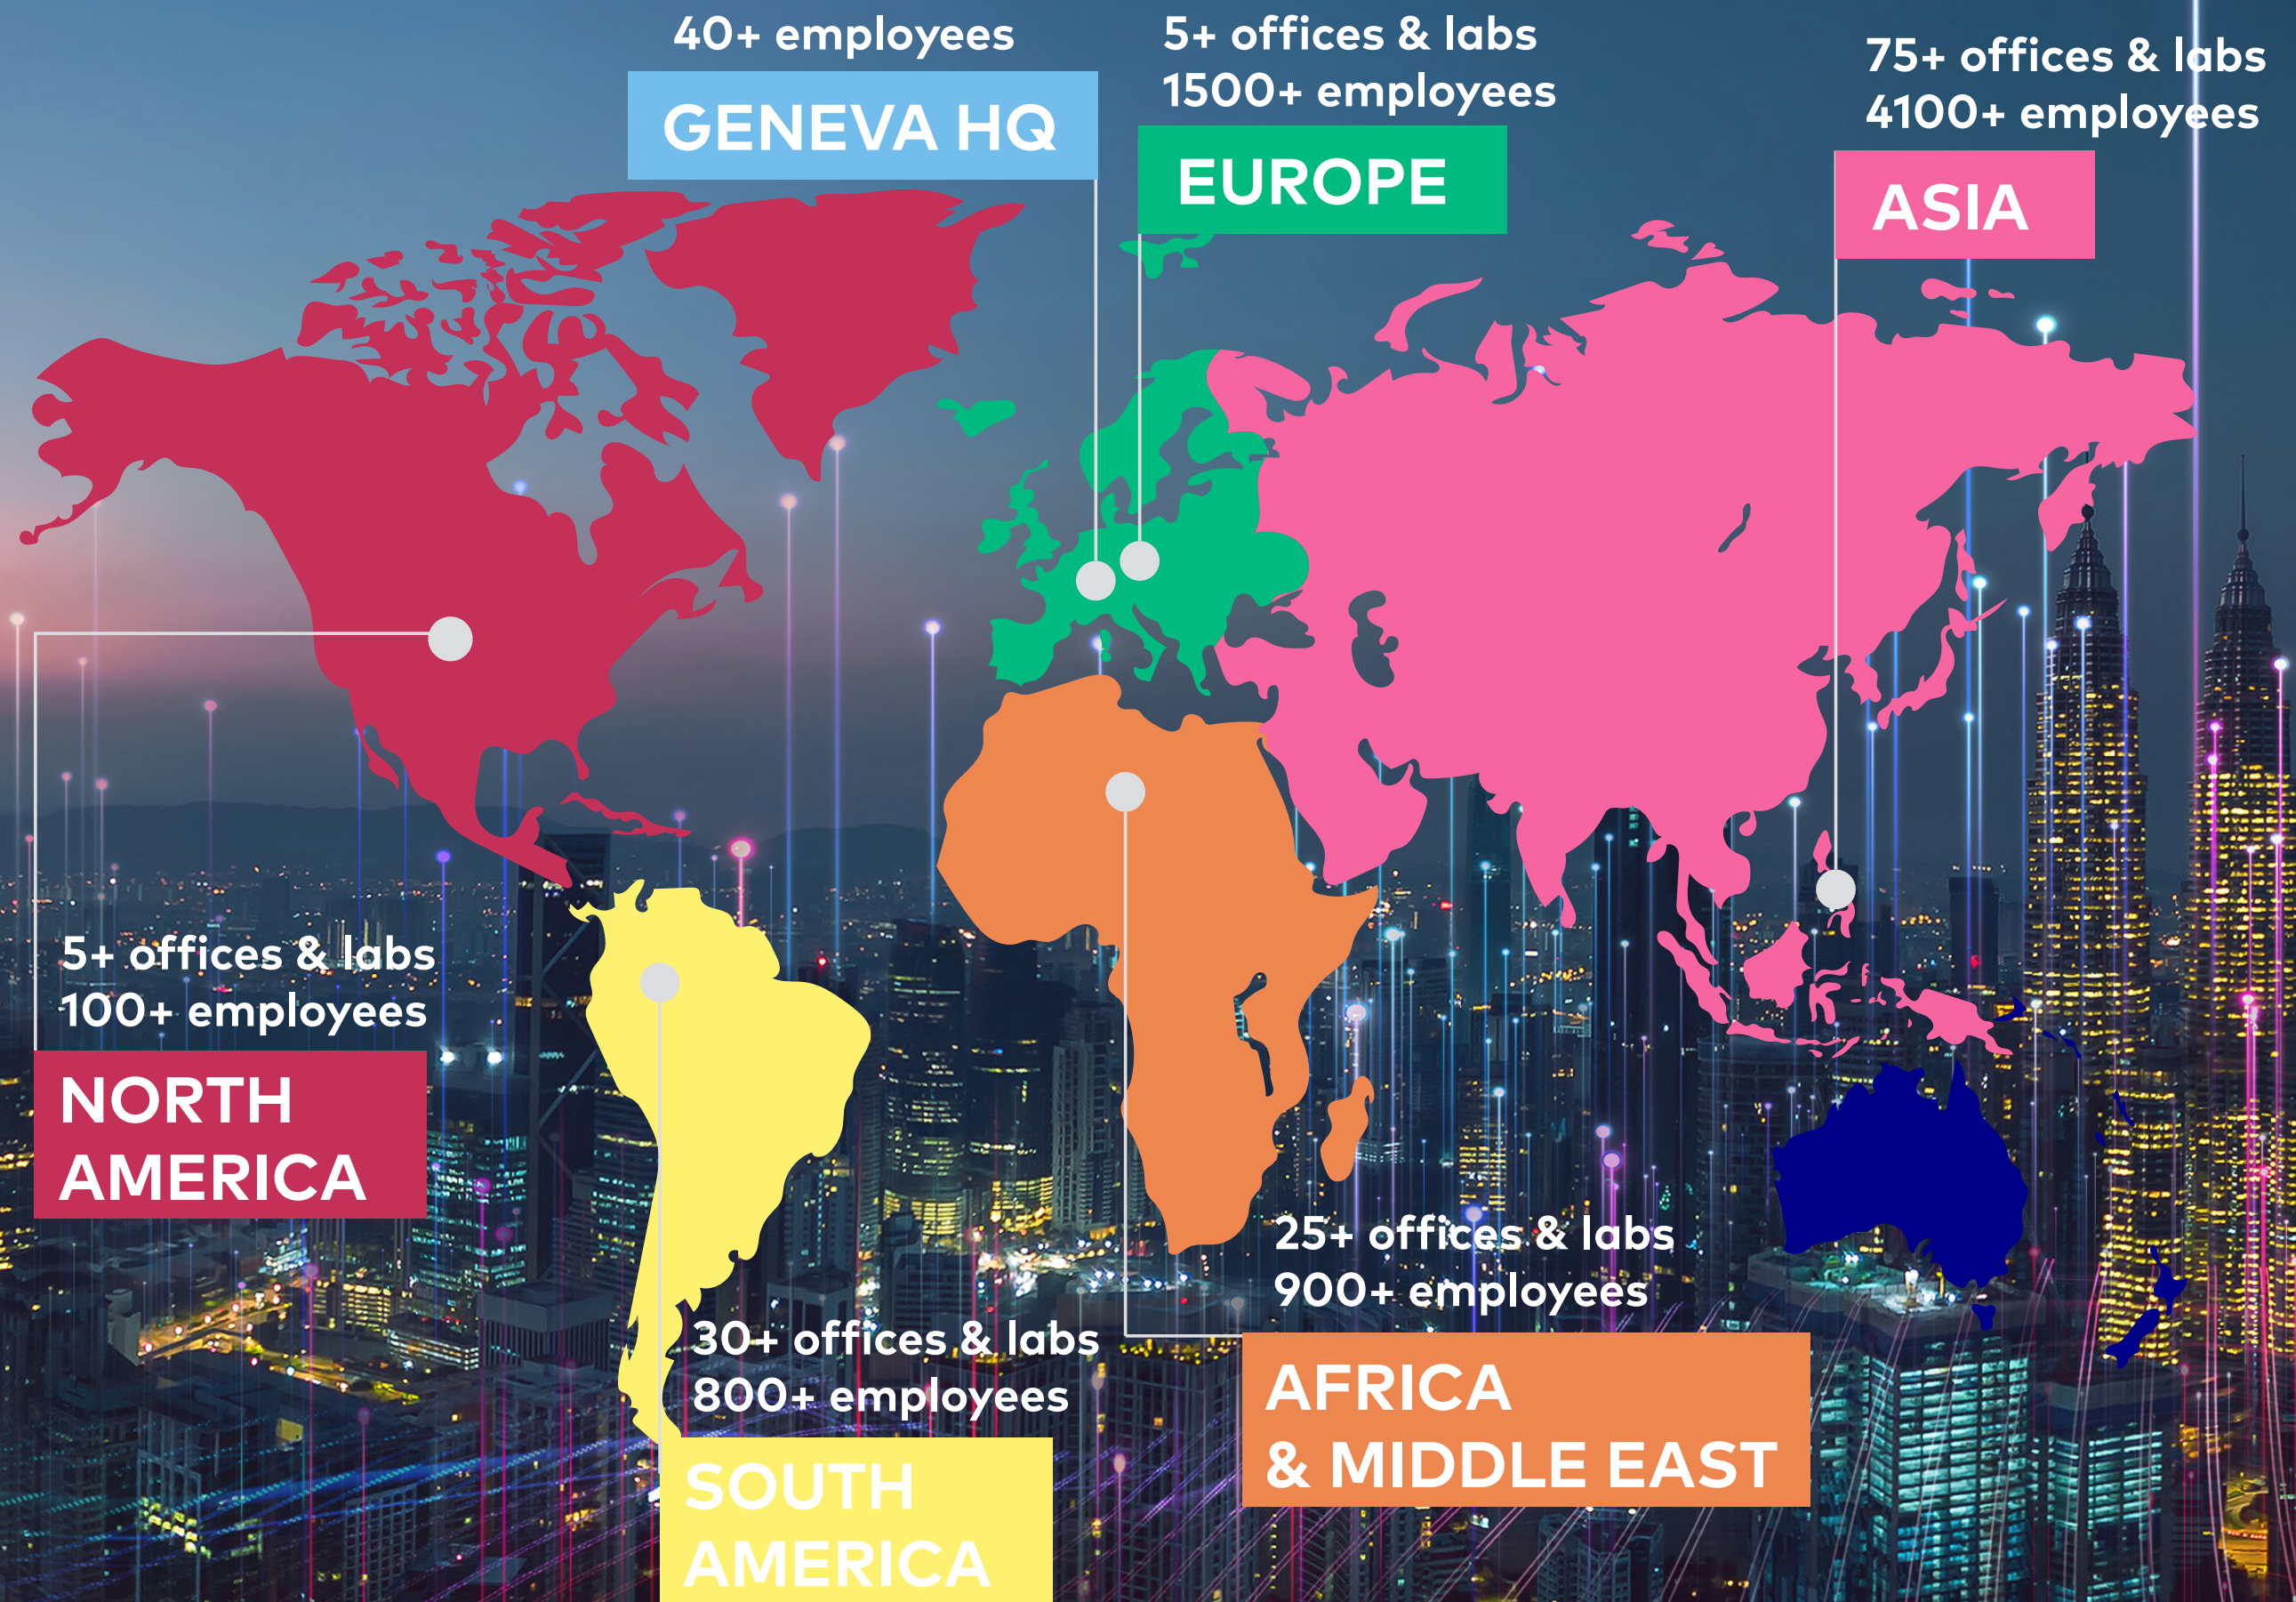

COMPANY OVERVIEW

Cotecna is a leading provider of testing, inspection and certification services. We offer solutions to make supply chains safer and more efficient for our clients. Our trusted network of professionals and certified laboratories provides expertise across five key sectors: agriculture, food safety, metals and minerals, system certification & ESG solutions and consumer products.

Founded in Switzerland in 1974, Cotecna started off as a family business and has now grown to become a world-class international player with over 7,400 employees in more than 180 offices and laboratories across approximately 50 countries.

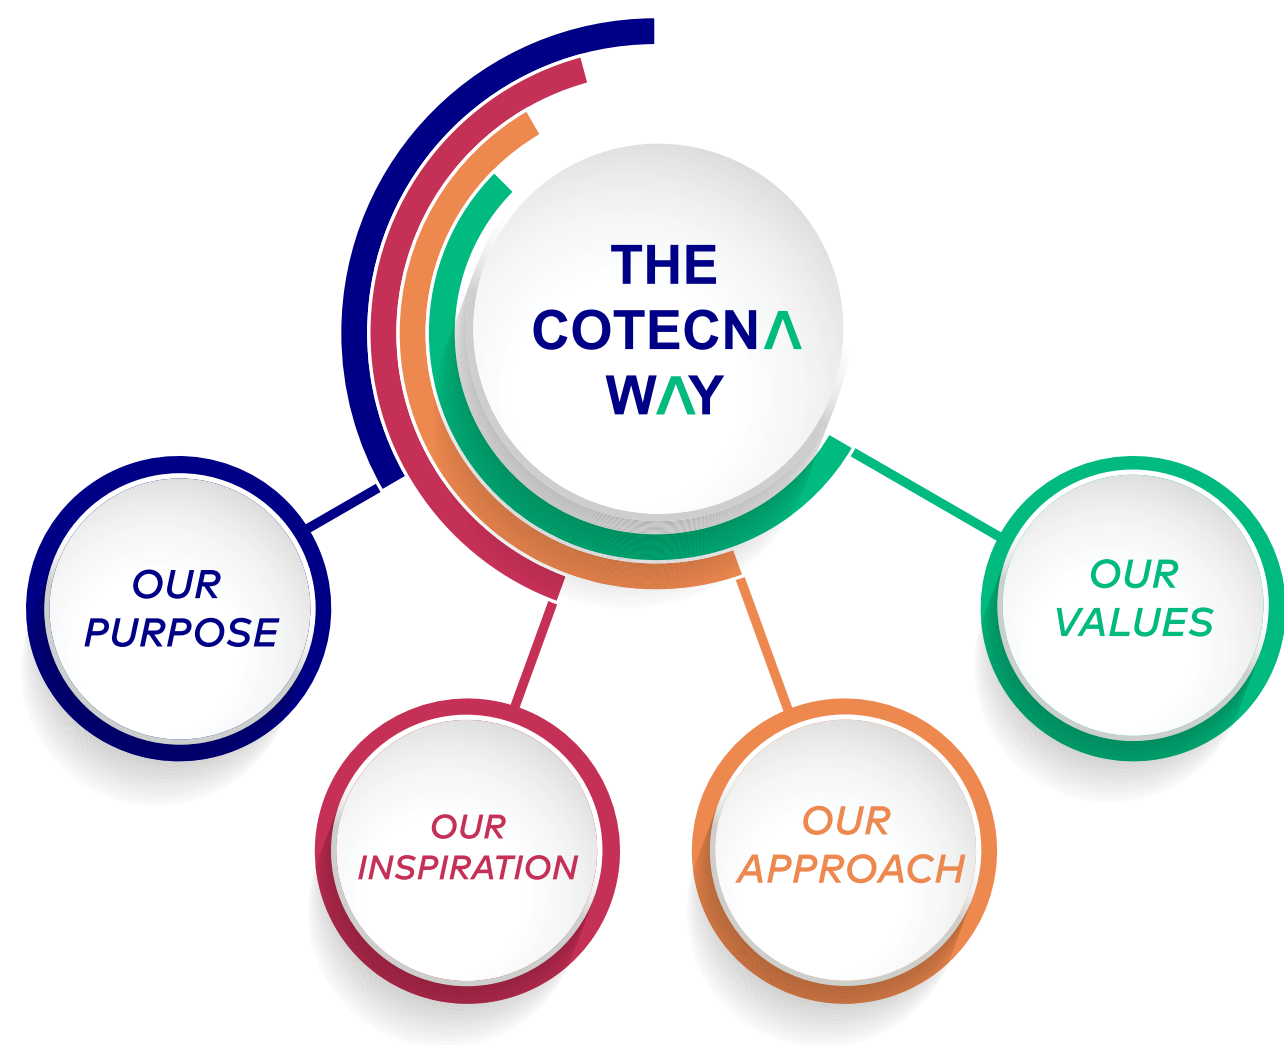

OUR GLOBAL PRESENCE

THE COTECNA WAY

The Cotecna Way is what drives us as a company and sets us apart. It's the common language that inspires and guides the way we operate for our customers, stakeholders, and employees.

OUR INSPIRATION

Our inspiration is what makes Cotecna special. We operate across 3 dimensions – to Dream, to Dare, and to Deliver - the 3Ds. These convey the dynamism and ambition of our company, and the promise to all our clients.

DREAM
DARE
DELIVER

We **DREAM** of being your essential partner for TIC services by differentiating ourselves through technical expertise, innovation, proximity, and reactivity.

We **DARE** to act as challengers by taking risks to build our company and offering you solutions tailored to your needs.

We **DELIVER** on our customer promise, which creates credibility in our abilities

ABOUT US

PEST CONTROL

We offer comprehensive pest control services, catering to both residential and commercial facilities. Utilizing approved products, we ensure safe and effective pest prevention and elimination.

OUR EXPERTISE

Cotecna Thailand has extensive industry expertise in pest control. Our team comprises certified professionals who utilize cutting-edge technologies to provide targeted solutions for a wide range of pests, with specialized knowledge in termite, rodent, and cockroach control, among others.

We take pride in resolving complex pest issues, especially within the food industry, while adhering to the highest safety and compliance standards. Through ongoing training, we ensure that our methods remain effective, sustainable, and customized to meet the specific needs of each client.

Cotecna Thailand stands at the forefront of pest control, fumigation, testing, inspection, and certification services. We deliver comprehensive solutions designed to streamline trade and enhance the safety and efficiency of supply chains for our clients.

What distinguishes us is our exceptional technical expertise, the superior quality of our services, and our proactive approach to anticipating and meeting our clients' needs.

OUR DELIVERABLES

Inspection: Our services begin with a thorough inspection of your premises, identifying pest types, entry points, and infestation severity. The inspection is carried out by a team of entomologists and experts operating using tools to ensure a detailed and accurate assessment.

Treatment Plan: Based on the inspection, we create a customized treatment plan tailored to your specific needs. This plan considers the type of pests, your facility layout, and safety requirements to ensure the most effective solution.

Execution: Our team applies the treatment, whether it's integrated pest management or the use of standard-approved chemicals that are certified by the FDA Center to eliminate pests efficiently.

Follow-Up: We offer follow-up services to monitor the success of our treatments and adjust as necessary. We also provide guarantees to give you peace of mind that the issue has been effectively resolved.

SAFETY AND COMPLIANCE

Certifications: All employees undergo annual internal training and have completed courses on the use of hazardous substances for pest control in residences or public health sectors as per Hazardous substances under the responsibility of Food and Drug Administration (FDA Center). Cotecna is a member of the Asian Pest Management Forum (TPMA) and holds a hazardous substance possession license.

Compliance: We ensure that all our pest control services strictly adhere to local regulations and international standards, ensuring that the customer's business remains compliant with health and safety laws.

Safety Measures: Our priority is the safety of everyone involved. We adhere to strict protocols to ensure the well-being of your staff and environment. This includes the use of personal protective equipment (PPE), gloves, and respirators such as N-95, N-99, N-100, P-99, and P-100. Clear communication on safety procedures is provided during and after treatments.

CLIENT TESTIMONIALS

"Cotecna Thailand delivered exceptional service during our pest control needs. Their team was professional and proactive, ensuring our facility remained pest-free". – Food Industry Client

"We've relied on Cotecna for years. Their expertise and commitment to safety make them our go-to pest control service provider". – Rice Mill Client

"We are very grateful for their excellent service". – Feed Mill Client

CASE STUDY

Food Industry: a food processing company encountered cockroach infestations in their meat grinder and drainage system within the production facility, disrupting their production line. After Cotecna Thailand's detailed inspection and tailored cockroach control strategy, the issue was resolved within days, ensuring no further contamination incidents.

FUMIGATION

We offer all types of fumigation services using Methyl bromide, Aluminum/Magnesium phosphide, Eco2Fume in the methods that meet the requirements of the Department of Agriculture of Thailand.

OUR EXPERTISE

We are experts in all fumigation methods based on the requirements of the Department of Agriculture of Thailand. We have entomologists available to identify the types of moths and insects for good management.

OUR SERVICES

Vessel fumigation

Line processing & warehouse fumigation

Container fumigation

Wooden fumigation by IPPC (ISPM no.15) standard

Silo fumigation

Stock fumigation

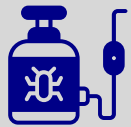

Cargo fumigation to Australia by the Australian Fumigation Accreditation Scheme (AFAS)

OUR DELIVERABLES

Inspection: Our services begin with a thorough inspection of your premises, identifying pest types, entry points, and infestation severity. The inspection is carried out by a team of entomologists and experts operating using tools to ensure a detailed and accurate assessment.

Execution: Our team applies the treatment, whether it's integrated pest management or the use of standard-approved chemicals that are certified by the Department of Agriculture of Thailand to eliminate weevil and all insects efficiently.

Follow-Up: We have standard inspection procedures such as checking gas leaks by gas leak detector Uniphos, Fumiscope, and degassing process.

SAFETY AND COMPLIANCE

Certifications:

- > DOA certificate
- > ISPM no.15 certificate
- > AFAS certificate
- > Working at height certificate
- > Confined space certificate

Compliance: We ensure that all our fumigation services strictly adhere to local regulations and international standards, ensuring that the customer's business remains compliant with health and safety laws.

Safety Measures: Our priority is the safety of everyone involved. We adhere to strict protocols to ensure the well-being of your staff and environment. This includes the use of personal protective equipment (PPE), gloves, gas masks, safety glasses etc.

CLIENT TESTIMONIALS

Cotecna Thailand is a fumigation service provider that provides excellent and quick problem resolution.

CASE STUDY

We are the leader in fumigation auctions and various fumigation projects in both the government and private sectors.
