

EXPORTER GUIDE TO OMAN

Certificate of Conformity for Exports to Sultanate of Oman

Cotecna is notified by the Director General of Standards and Metrology (DGSM) to issue a Certificate of Conformity for regulated products exported to Oman.

Cotecna is notified for the technical regulations concerning Low Voltage Electrical Equipment (LVE) as well as Energy Efficiency Rating (EER), Electrical Equipment (LVE) and Appliances.

This Guide covers getting a Certificate of Conformity for all regulated products for the Oman DGSM LVE and EER programs.

Oman Low Voltage Product Certification Scheme

Cotecna is accredited to issue COCs for the following product categories covered under the DGSM LVE regulation:

Regulated Products:

Washing machines (with a capacity exceeding 10 kg and up to 25 kg)

Dishwashers

Vacuum cleaners for household use of a power not exceeding 1500 W, and having a dust bag or other receptacle capacity not exceeding 50 L.

Oman Energy Efficiency Scheme

Cotecna is accredited to issue COCs for the following product categories covered under the DGSM EER regulation.

Regulated Products:

Air Conditioners

Washing Machines

Water Heaters

Refrigerators and Freezers

To confirm if your product is regulated and to help you determine which standard(s) are applicable to your product, please contact your nearest [Cotecna Office](#) or [Cotecna Middle East](#).

Certificate of Conformity Process

Conformity assessment is carried out based on documentary verification and a Certificate of Conformity (CoC) is issued if the product complies with the technical regulation.

Note: To start the conformity process, fill out and submit the Cotecna Request for Certification (RFC) form.

1. Documents Required (LVE)

- > Request for Certification (RFC) form
- > Valid Industry/Trade License (For Local Companies)
- > Factory License
- > Declaration of Conformity (Manufacturer and Importer)
- > Objective evidence of Risk Analysis (Risk Assessment)
- > Safety - Full CB Test Report & Certificate (Safety) or ISO/IEC 17025 accredited laboratory test report
- > EMC - Test report from ISO/IEC 17025 accredited laboratory
- > Description of Conformity Assessment Procedure (i.e., ISO 9001 Certification)
- > Rating Label (with OCTS or its allocation)
- > Gift box photos (packaging) if involved
- > Safety instructions and user's manual/installation manual at least in Arabic or both English and Arabic
- > Circuit diagram, bill of materials, component layout, transformer specifications, etc.,
- > Product dimensions (L x W x H)
- > Clear product photos

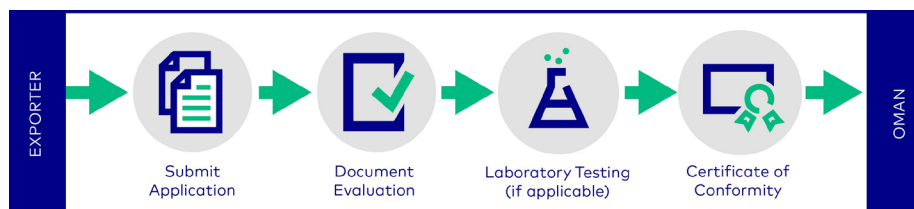

2. Documents required (EER)

- > Application form
- > Performance Test Reports from an accredited laboratory
- > Product Identity Declaration (PID) if applicable
- > Product photo
- > Instructions Manual
- > Rating label of the product

Download the [RFC form here](#) or [Contact Cotecna](#) for more information.

Certificate of Conformity

Cotecna will issue a Certificate of Conformity (COC) only if the product meets the Oman requirements, following a successful completion of the evaluation, and testing. Without a valid COC, Oman Customs will not clear goods for importation.

Certification Fees

Costs of the COC (certification and inspection), sealing and/or analysis are borne by the exporter and are quoted at the time of nomination. For fees please contact your nearest For fees, please contact your nearest [Cotecna office directly](#).

WHY COTECNA?

Cotecna is a leading provider of testing, inspection, and certification services. We offer solutions to facilitate trade and make supply chains safer and more efficient for our clients. Founded in Switzerland in 1974, Cotecna started as a family business and has grown into a global network of over 6200 employees. Cotecna has close to 150 offices and certified laboratories in over 50 countries. To date, we have partnered with many governments to help protect their people, environments, and wealth from unsafe and sub-standard products.
